

## 2024 MCCULLOUGH POOL RULES

### LIFEGUARDS

- The primary purpose of the lifeguard is to keep everyone safe. Lifeguards will consistently survey the water and pool area for safety, enforce rules, and provide first aid and rescue as needed.
- Lifeguards should not be confronted in a manner that is disrespectful or threatening. Failure to adhere will result in possible loss of pool privileges for the remainder of the season, pending the opportunity to be heard by a committee of the Board.
- A “safety break” is scheduled every hour for 10 minutes. During the “safety break,” all pool attendees must exit the pool.
- Lifeguards should not be approached when on the lifeguard stand. Doing so interrupts their ability to vigilantly assess the pool.

### POOL ACTIVITIES

- Safety is first and foremost! *All attendees should **follow lifeguard instructions at all times.***
- Floats are permitted at the discretion of the lifeguards but are limited to a float size intended for one individual. You may be required to remove your float if the float impairs the lifeguard's duties, visibility of the pool, or ability to enter the pool to perform a rescue.
- No glass containers are allowed within the pool area or on the pool deck.
- No smoking allowed. Individuals are not permitted to smoke cigarettes, cigars, e-cigarettes (including vapes), or any other smoking devices within that designated space.
- No street clothes allowed in the pool — bathing suits only. Proper swim attire is required for all individuals who are not toilet trained.
- Persons with skin, eye, ear, or nasal infections or other communicable diseases are NOT allowed in the pool.
- No running, shoving, pushing, wrestling, or chicken fights.
- Only service animals are allowed in the fenced-in pool area.
- No food allowed in the pool or at the pool's edge.
- No bicycles, skateboards, skates, etc. allowed within the fenced-in pool area.
